

## why choose easylife kitchens

There are many kitchen suppliers to choose from, so why should you use Easylife Kitchens?

Easylife Kitchens is an established and reputable company, with factories in Johannesburg and Cape Town that make use of modern and constantly upgraded technology to ensure top quality components and value for money.

Easylife Kitchens is proud to showcase the latest European design trends incorporating space-saving wall and floor units. **Evolution** covers every aspect of modern kitchen design, from deeper wall units, and floor units with standard drawers, pot drawers and internal drawers. This is contemporary European technology at its best, resulting in the perfect combination of space and mobility to maximise an efficient workflow in the kitchen.

We make sure that your entire Easylife Kitchens experience is a pleasant one. Our fully equipped and stylish showrooms allow you easy choice of product and the opportunity to personally inspect our workmanship and quality. There you'll find the widest range of finishes and accessories, allowing you to create a kitchen that is best suited to your needs. Our professional and experienced sales staff will assist you with the layout of your Easylife kitchen, using state-of-the-art computer-aided design technology, to make sure that your dream kitchen becomes a reality.

All of this boils down to one thing: we offer you simply the best kitchen creation experience in the country.
